# WHERE EXACTLY IS WHA INTERNATIONAL, INC.?

WHA International, Inc. (WHA) is located in beautiful Las Cruces in enchanting southern New Mexico. Nestled in the fertile Mesilla Valley, Las Cruces is part of an area that is a treasure trove of local and national historical sites including Historic Old Mesilla and Lincoln County, the home and playground of the infamous Billy the Kid. Also within a few hours' drive are several unique national parks and national scientific facilities such as White Sands National Monument, NASA's Lyndon B. Johnson Space Center and White Sands Missile Range.

The WHA Corporate Office, Training and Test Center is located a few miles north of Las Cruces at 5605 Dona Ana Road. The Test Center houses a wide range of equipment and unique test systems as well as a spacious conference area, allowing WHA clients to comfortably observe the work being done.

## LOCAL WEATHER

Weather in southern New Mexico is dry and temperate with moderate winters and hot summers. During the winter months, temperatures reach the low 30s and 40s with highs in the 60s. Summer months bring highs in the 90s and 100s with wonderfully cool desert evenings in the 70s. Stormy weather is rare with the exception of a few heavy storms during the rainy season in late June/early July. Warm layered clothing (removable sweaters or coats over warm clothing) is recommended from October to March and cooler clothing with a light jacket in the evening, for the rest of the year).
